Honorable Board of Supervisors  
County of Los Angeles  
383 Hall of Administration

Gentlemen: DUNE CANYON ROAD  
MULHOLLAND HIGHWAY TO  
PACIFIC COAST FREEWAY  
ROUTE NO. VII, L.A. 60  
SUPERVISORIAL DISTRICT NOS. 4 AND 5

RECOMMENDATION:

That your Honorable Board authorize the Road Commissioner to proceed with the acquisition and construction of Dune Canyon Road by Detention Camp forces.

Dune Canyon Road is a major highway on the Los Angeles County Master Plan of Highways and is a portion of the route (via Mulholland Highway and Kansa Road) connecting the Ventura Freeway with the proposed Pacific Coast Freeway for a total distance of twelve (12) miles. Six (6) miles of this route has been constructed.

Approximately 70 percent of the right of way has been offered on a gratis basis; the remainder is primarily in small holdings and is estimated to cost \$140,000. The project can be completed in approximately six (6) years by employing the two Detention Camps in the Malibu area.
